

# FARMESACO FZC (Reg. 17295 )

For Building Materials, Plastic Products and Industrial Engineering Solutions

## Item Code and Dimensions

Item Code	Spacing	Diameter	Joint Thickness
FMS-EPDM-PS	9.5mm = 3/8inch	127mm = 5inch	6.0mm

## General Description

FARMESACO's EPDM Rubber Pedestal is a flexible deck tile support pedestal, manufactured from a high quality EPDM compound, that allows tiles to follow the natural contour of the roof. This fixed height pedestal with separator joints is supplied with 1/8" and 1/16" leveling shims to facilitate minor adjustments. The flexible EPDM rubber is resistant to environmental deterioration.
